Full Screen Slideshows

PERSONAL

Share your pictures in a full screen slide-show. Add captions,audio or video clips to bring your albums to life. Distribute many photos to a group after an event without filling up their email. Impress the teacher with a multimedia school report. Try Web-Film for an affordable gift idea. Create your projects, then share them with the world at www.ChooseName.cachelan.com

BUSINESS

Use simple entry forms to create a website, portfolio of your work, a virtual tour of your business or a new product. Put presentations and handouts online. Share files and images among dispersed teams. Assign a unique web addess to each application that your customers can access from the inter-net. Fortune 500 or single professional, the WebFilm content management system will help you be more productive.

Versatile and Easy to Use

DO IT YOURSELF Create your own multimedia albums. Keep your business applications current. You supply the content, WebFilm does the rest.

Use your digital camera to share pictures from an event, update a portfolio or create a virtual tour for a classified ad. Add audio or video clips for more interest.

SIMPLE FORMS Upload pictures and select settings using simple forms. Be online in minutes. No programming required. Browser access to your WebFilm.

UNIQUE WEB ADDRESS Choose your own web address for each project. Browser access. No software required for uploads or viewing.

ARE THEY COMING? Measure promotion effectiveness with visitor counters

Get Started Today

Enter the PIN from a webcard, upload digital files, select a template and be online in minutes. A webcard lasts from 3 to 12 months depending on webcard capacity puchased. Refill on expiry with another webcard.

Share

Email a link with photos from an event that everyone can view at full screen without commercial clutter. They can download the digital original of their favorite photos for printing at the photofinisher of their choice. Add captions to tell a story and an email link for feedback.

Sell

Promote your business with a website, online portfolio, virtual tour or web brochure. Include documents for download and media files as easily as photos. Keep up to date with your latest projects or promote changing inventory. Customers navigate quickly to items of interest then expand to full screen for detailed viewing.

Communicate

If you frequently send attachments for team discussion, use WebFilm as a convenient way to keep everyone on the same page. Discuss complex projects by telephone referring to images and documents conveniently grouped for online access.

File Transfer

When files are too large for email, transfer up to 100 MB and make them available online. Use WebFilm instead of CDs and memory keys for any file types like jpeg, PDF, ZIP MP3 etc.

Access

Go to cachelan.com, enter the webcard PIN and begin uploading or editing digital content. Changes appear immediately.
